

CUTBACKS:

WHO IS NEXT?

Ottawa Cutbacks: 250 spaces gone

Provincial underfunding has forced the municipal government to cut-back daycare in Ottawa by 30 daycare workers and over 250 daycare spaces, with the promise of more to come.

Provincial Underfunding

By refusing to address the real need for increased daycare funding to make up for years of provincial shortfalls, the province is forcing municipalities to implement their policy of cutbacks.

Fight Back

- Phone the Hon. Frank Drea (416) 965-2341 and demand that his government immediately act to increase daycare funding to prevent daycare cutbacks across the province.
- Make copies of the petition. Get as many names as possible. Mail it as soon as possible.
- Make daycare an issue in the upcoming federal election. Ask candidates where they stand on increased funding for non-profit daycare.
- Make a financial contribution to fund the fight-back:
The Ontario Coalition for Better Daycare, 1260 Bay St.,
Toronto, Ontario
