

29 September 1987

Dear Lucie,

Here is the package I have been promising to send you. It may help you to establish a foundation upon which to form a Chapter in Kingston, without the headache of having to sit down & work out guidelines.

Our package also included minutes from the last year's meetings & as well as the National By-laws which you should have a copy of.

We held our first meeting on 16 Sept. & while the turn-out was small we did recruit three new members who are wishing or seem willing to work for the organization.

Have you heard more reference the task force on political activity? I think that is really exciting news.

Our October workshop is shaping up nicely. We have established the format of the workshop with Rod Tomlinson who will be facilitating for us.

Let me know how you are doing in Kingston!
Keep well & keep in touch!

As ever,
Marnie
