

Sticks & Stones

A WOMEN'S THEATRE COLLECTIVE

...invented in 1982...a mixture between theatre, popular education, and community development.....

We work at:

- ...researching issues like violence in the home, pornography, stereotypes, teen sexuality...
- ...experimenting with different forms of theatre and popular education techniques...

(our pet project being theatre of the oppressed)

We produce:

- ...skits (that make fun....and sense)
- ...plays (about real stories)
- ...workshops (for conferences, classrooms & kids)

Special Moments in '85:

- ...a play (to come out in March)
- ...a community festival (to happen in May)

Sticks and Stones - A Stage on Rocks
