ISIS: WOMEN'S MEDIA
DISTRIBUTION AND
PRODUCTION CENTRE
9-2185 WEST 4TH.
VANCOUVER, B.C.

DISTRIBUTION

We have a constantly growing library of 16mm. films, videotapes, and slide/sound productions that can be borrowed for only the cost of postage, insurance, and basic maintenance. Our materials have been made by women from all over North America and most of them relate to topics specifically concerning women, eg. women in the work force, working mothers, abortion, native women, woman as artist, etc. Over the last year these productions have been enthusiastically received throughout B.C. in Junior and Secondary schools, colleges, by Women's Centres, Status of Women's groups, Art groups, church groups, Transition Houses, etc. For a detailed listing and critique of all our films, videotapes, and slide/sound productions, please write to us at:
#9 2185 West 4th. Avenue, Vancouver, B.C.

PROGRAMME ASSISTANCE

We have found that sharing some of the experiences we have had when showing our films in the past has been very helpful to women who are setting up their own film programmes. On our provincial tour last fall we were able to gain some knowledge about guiding group discussions, initiating introductory games, and about what films are most effective in certain situations. We have also been helping groups plan their own festivals - this includes P.R., setting up art exhibits, using film projection and video equipment, and arranging for insurance, etc.

DARKROOM ACCESS

Our darkroom is available for community use but bookings must be made in advance. Please call 731-3324.

PRODUCTION

Frequently, women request films or tapes on subjects which don't seem to be available anywhere. Our low-budget production facility is geared to respond to these kinds of requests. Over the last year we have produced several 16mm. films as well as numerous slide/sound productions. If you have any production ideas, please call us.
