

**RE-ELECT**

# Mary Simms Vice President

An active rank and file unionist for 20 years, and elected as a vice-president to the Ontario Federation of Labour in 1991, Mary Simms was president of the United Steelworkers Local 6340 (ITT) for 10 years, and now works on behalf of hundreds of Steelworkers in the Toronto area.

Her activism has taken many forms: as an executive member of the Steelworkers' South Central Area Council; the Guelph Steelworkers' Centre Board of Directors, and the Royal City Labour Association.

A volunteer organizer and union educator, Mary has instructed members in such areas as stewards' training, collective bargaining, and the all-important pay equity and Women of Steel, a leadership development course for Steelworker women.

Mary's voice is a strong one that deserves to remain speaking and working on behalf of all Ontario trade unionists.
