

BUDGET CUTS SURVEY

February, 1990

In order to continue a concerted campaign to fight the cutbacks in government funding, we need to know the extent to which NAC's member groups and other women's groups across the country have been affected by last week's cuts to the Women's Program of the Secretary of State. Please take a moment to answer the following questions and to return this sheet as soon as possible to us at:

NAC, 344 Bloor Street West, #505
 Toronto, Ontario, M5S 3A7.

(We know this is a bit of work, but it will make a big difference in our collective ability to fight the cuts).
