

RE-ELECT

# Estella Green

OFL VICE PRESIDENT – VISIBLE MINORITIES

**E**stella Green, Recording Secretary of International Association of Machinists and Aerospace Workers (IAM) Local Lodge 2113, is a candidate for re-election as Vice President Representing Visible Minorities at this Ontario Federation of Labour Convention.

As a member of the OFL Executive Council, she is asking for your renewed support, in her commitment to Ontario working people and their unions.

Estella, a former Shop Steward, is a forthright activist in her Local at Ford Electronics in Markham. She also is a Certified Workers' Health and Safety Instructor.

Estella believes the OFL must continue the campaign to be a clear voice for all Ontario working people in their struggle for economic and social justice.

Estella says:

*"My vision for visible minorities is to see that we are fairly represented within the labour movement. I want to ensure that we have a stronger voice and more credibility when lobbying government for greater equality and human rights for all people."*

*"I believe we need programs which will enable us to share in the Canadian experience. We must develop programs which will help us understand the cultural differences which exist within Canada to*

*facilitate harmonious integration and partnership.*

*"That's our challenge ... that's our task and I am prepared to provide leadership to get on with the job."*

These are tough times for working people and their unions. Estella has the courage, conviction and down to earth common sense to move our collective agenda ahead.

She will work for teamwork in the leadership and solidarity in the membership as we meet head on the mean spirited agenda of the Harris government.

Estella seeks your support so she can continue her effective leadership as Vice President Representing Visible Minorities on the Executive Council of the Ontario Federation of Labour.

RE-ELECT
