

WOMONSPACE NEWS

OCTOBER 1982

Editorial

Fall has arrived to Edmonton, and for some people, the thought of those cold, depressing winter days looms ever closer. Not for us at Womonspace though, because we have a number of activities planned for the fall and winter that will enable us to enjoy this time of year rather than dread it.

NEW BEGINNINGS

This month marks the first monthly issue of Womonspace News. The decision to do this newsletter was made at the September board meeting. We felt that a monthly update on activities, news, ideas, information, etc., etc. would be a welcome sight to our members and prospective members. Anyone wishing to help in any way, or to add information, ideas, etc. please call Louise 488-2290.

WOMONSPACE GENERAL MEETINGS are every second Tuesday of each month at 7:30 P.M. at Every Woman's Place, 9926 - 112 Street. The next meeting is October 12 at 7:30 sharp. Meetings will not be longer than two hours. We will be taking nominations for a new executive, so show up and make your vote count. In order to have large dances like we have had in the past, we must have a larger membership. Give us your support!

FOOD FOR THOUGHT

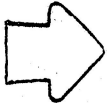

The Importance of Being

"All is fair in love and war." I have heard this saying all too often and I seem to see people only trying to be fair in war... But somehow even then it does not work out. I would like to change that saying to --"All is fair in Love." If we could learn to love ourselves perhaps we could love others and war would become a stupidity in the eyes of everyone. For I believe that war is a manifestation of man's overall lack of confidence. We do not believe in our own values and capabilities and thus cannot see them in each other. Violence, in my mind, is an alternative to love and is used as a cover for our failure to be lovers. Every man is faced with the challenge to be great and to do great things, but because we do not believe in our proper importance we are afraid to love, so we war-- against ourselves, our family and our neighbor and therefore we retard the growth within ourselves and slow down the realization of the great things we have to do. Then the entire world stops growing too!

Food for Thought will be a regular column in the newsletter. We would appreciate submissions of poems, drawings, cartoons, or any other personal productions. Please send contributions either signed or anonymously to #1 - 8406 - 104 Street or to general meetings and give to Louise.

Metamorphosis 1982

Metamorphosis is quickly approaching: a time, when once again, lesbians and gay men from across the prairies will celebrate. This is a time and place to gather in unity and let the country know that we are still here and we won't be quiet. Over the past five years Met. has consistently provided the opportunity to gather together and share our culture with each other. Every year we have been able to feature more and more "home grown" talent. This year all our main stage performers, fair contributors, coffeehouse acts, and workshop leaders are from the prairies. It seems particularly fitting that in this, our fifth annual Metamorphosis, we are focusing on entirely prairie talent.

As fond memories of past Metamorphosis weekends flood back, make ready your plans for once again travelling to Saskatoon this Thanksgiving weekend.
